Examiners Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Oliver Okronji on October 30, 2007 to correct potential 112 2nd paragraph errors and to clarify claim limitations.

The proposed amendment dated 11/29/07 has received accepted and adopted by the Examiner-see attachment herein.

The application has been amended as follows:

IN THE CLAIMS

2. Please amend claim 1 as attached herein see pages 5 – 7.

See attached document as proposed by Applicant to amend claims

Reasons for Allowance

3. After reviewing Applicant's comments as indicated on page 5 of Applicants response dated (06/29/07), and based on current amendments and Applicant's comments on page 6 – 9 of his response (06/29/07) Examiner is hereby placing claims 1, 3 – 10, 12 – 14 in condition for allowance.

The following is an Examiner's statement of reasons for allowance.

The prior art of record does not teach or fairly suggest at least:

“ ...a plurality of said functional expressions each being able to contain a reference using dynamic binding to refer to the contents of at least one data element different from the data element associated with said functional expression; steps to model said hierarchy of data elements by input means, comprising steps to insert a new hierarchy level and steps to insert a data element into an existing hierarchy level... steps to update the contents of a plurality of said data elements associated with said functional expressions by machine-evaluating each said functional expression and updating the contents of its associated said data element to reflect the result of said functional expression.”, in such a manner as recited in claim 1, and as best illustrated by FIG. 4 and 7.

Therefore, all remaining claims 1, 3 – 10, 12 – 14 are in condition for allowance.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
